

# Floor Stand for Interactive Kiosk™

Featuring premium, heavy-duty materials, smart design, and a minimalist profile, Aila's floor stand for Interactive Kiosk enables enterprises to deploy iOS-based solutions in any brick-and-mortar environment

## FEATURES

- Premium powder-coated finish
- Heavy steel base plate and low center of gravity offer outstanding stability and a tip-resistant design
- Aluminum post with internal power routing channel brings AC power to the head unit, with an additional AC port for accessories or peripheral devices
- Skid-resistant rubber feet add grip and anti-marring surface protection
- IEC port connects at the base for easy detachment and replacement
